There are many ways to get to the Convention in 2019. You may travel by Road, Train or by Plane. Let me explain some of the options.

**Coming by Train?** Then you will need to board a V-line Geelong train originating at Southern Cross Station in Melbourne. On arrival at the Geelong Railway Station we will have volunteers to transport you to your accommodation. If you are making a daily commute via train, the North Geelong Station is just a 2-5 walk from the Arena.

**Flying in to Melbourne or Geelong?** You have several options. If you fly in to Tullamarine you can then take the Bus to Geelong. There are two (2) bus operators available. One is the Gull Bus that offers a direct service to Geelong or the Skybus. Once you arrive at Geelong Railway Station our volunteers will transport you to your accommodation. Both Gull and Skybus can be booked online or on arrival at the airport.

You may wish to fly in to Avalon Airport near Geelong. There are several flights – This airport is served domestically by Jetstar. If possible use this airport as it is much closer to Geelong. Then take the Skybus to the Geelong Railway Station. Again, upon arrival at Geelong Railway Station our volunteers will be there to transport you to your accommodation.

We offer this shuttle service on Thursday 2nd May & Friday 3rd May. We will also provide a return shuttle at the end of the convention to the Geelong Railway Station. You can then take the bus to either Avalon or Tullamarine. This return service will run on Monday 6th May and Tuesday 7th May until 7.00pm each day. This should suit most conventioneers.

If you plan to travel by road, there is parking available at and near the Arena. If you accommodation is near a train station, you may like to consider catching the train to and from North Geelong Station.

**We look forward in welcoming you to Geelong!**

Lou Scholten
Convention Chairperson
